

Hayward Solar Project **Update**

May 2021

Thank you for signing up to receive updates for the Hayward Solar Project. We are pleased to share that the Hayward Solar Project is projected to create 319 full-time jobs during construction and 14 full-time jobs for the 35-year project life, as well as contribute \$30.9 million to the county economy during construction and \$3.3 million each year during operations.
